(G) who is unable to defray the expenses of necessary care as determined under section 1722(a) of this title.

(3) In the case of a veteran who is not described in paragraphs (1) and (2), the Secretary may, to the extent resources and facilities are available and subject to the provisions of subsections (f) and (g), furnish hospital care, medical services, and nursing home care which the Secretary determines to be needed.

(4) The requirement in paragraphs (1) and (2) that the Secretary furnish hospital care and medical services, and the requirement in section 1710B of this title that the Secretary provide a program of extended care services, shall be effective in any fiscal year only to the extent and in the amount provided in advance in appropriations Acts for such purposes.

(5) During any period during which the provisions of section 1710A(a) of this title are not in effect, the Secretary may furnish nursing home care which the Secretary determines is needed to any veteran described in paragraph (1), with the priority for such care on the same basis as if provided under that paragraph.

(b)(1) The Secretary may furnish to a veteran described in paragraph (2) of this subsection such domiciliary care as the Secretary determines is needed for the purpose of the furnishing of medical services to the veteran.

(2) This subsection applies in the case of the following veterans:

(A) Any veteran whose annual income (as determined under section 1503 of this title) does not exceed the maximum annual rate of pension that would be applicable to the veteran if the veteran were eligible for pension under section 1521(d) of this title.

(B) Any veteran who the Secretary determines has no adequate means of support.

(c) While any veteran is receiving hospital care or nursing home care in any Department facility, the Secretary may, within the limits of Department facilities, furnish medical services to correct or treat any non-service-connected disability of such veteran, in addition to treatment incident to the disability for which such

veteran is hospitalized, if the veteran is willing, and the Secretary finds such services to be reasonably necessary to protect the health of such veteran. The Secretary may furnish dental services and treatment, and related dental appliances, under this subsection for a non-service-connected dental condition or disability of a veteran only (1) to the extent that the Secretary determines that the dental facilities of the Department to be used to furnish such services, treatment, or appliances are not needed to furnish services, treatment, or appliances for dental conditions or disabilities described in section 1712(a) of this title, or (2) if (A) such non-service-connected dental condition or disability is associated with or aggravating a disability for which such veteran is receiving hospital care, or (B) a compelling medical reason or a dental emergency requires furnishing dental services, treatment, or appliances (excluding the furnishing of such services, treatment, or appliances of a routine nature) to such veteran during the period of hospitalization under this section.

(d) In no case may nursing home care be furnished in a hospital not under the direct jurisdiction of the Secretary except as provided in section 1720 of this title.

(e)(1)(A) A Vietnam-era herbicide-exposed veteran is eligible (subject to paragraph (2)) for hospital care, medical services, and nursing home care under subsection (a)(2)(F) for any disability, notwithstanding that there is insufficient medical evidence to conclude that such disability may be associated with such exposure.

(B) A radiation-exposed veteran is eligible for hospital care, medical services, and nursing home care under subsection (a)(2)(F) for any disease suffered by the veteran that is—

(i) a disease listed in section 1112(c)(2) of this title; or

(ii) any other disease for which the Secretary, based on the advice of the Advisory Committee on Environmental Hazards, determines that there is credible evidence of a positive association between occurrence of the disease in humans and exposure to ionizing radiation.

(C) Subject to paragraphs (2) and (3) of this subsection, a veteran who served on active duty in the Southwest Asia theater of operations during the Persian Gulf War is eligible for hospital care, medical services, and nursing home care under subsection (a)(2)(F) for any disability, notwithstanding that there is insufficient medical evidence to conclude that such disability may be associated with such service.

(D) Subject to paragraphs (2) and (3), a veteran who served on active duty in a theater of combat operations (as determined by the Secretary in consultation with the Secretary of Defense) during a period of war after the Persian Gulf War, or in combat against a hostile force during a period of hostilities (as defined in section 1712A(a)(2)(B) of this title) after the date of the enactment of this subparagraph, is eligible for hospital care, medical services, and nursing home care under subsection (a)(2)(F) for any illness, notwithstanding that there is insufficient medical evidence to conclude that such condition is attributable to such service.

(2)(A) In the case of a veteran described in paragraph (1)(A), hospital care, medical services,

and nursing home care may not be provided under subsection (a)(2)(F) with respect to—

(i) a disability that is found, in accordance with guidelines issued by the Under Secretary for Health, to have resulted from a cause other than an exposure described in paragraph (4)(A)(ii); or

(ii) a disease for which the National Academy of Sciences, in a report issued in accordance with section 3 of the Agent Orange Act of 1991, has determined that there is limited or suggestive evidence of the lack of a positive association between occurrence of the disease in humans and exposure to a herbicide agent.

(B) In the case of a veteran described in paragraph (1)(C) or (1)(D), hospital care, medical services, and nursing home care may not be provided under subsection (a)(2)(F) with respect to a disability that is found, in accordance with guidelines issued by the Under Secretary for Health, to have resulted from a cause other than the service described in that paragraph.

(3) Hospital care, medical services, and nursing home care may not be provided under or by virtue of subsection (a)(2)(F)—

(A) in the case of care for a veteran described in paragraph (1)(A), after December 31, 2002;

(B) in the case of care for a veteran described in paragraph (1)(C), after December 31, 2001; and

(C) in the case of care for a veteran described in paragraph (1)(D), after a period of 2 years beginning on the date of the veteran's discharge or release from active military, naval, or air service.

(4) For purposes of this subsection—

(A) The term “Vietnam-era herbicide-exposed veteran” means a veteran (i) who served on active duty in the Republic of Vietnam during the period beginning on January 9, 1962, and ending on May 7, 1975, and (ii) who the Secretary finds may have been exposed during such service to dioxin or was exposed during such service to a toxic substance found in a herbicide or defoliant used for military purposes during such period.

(B) The term “radiation-exposed veteran” has the meaning given that term in section 1112(c)(3) of this title.

(5) When the Secretary first provides care for veterans using the authority provided in paragraph (1)(D), the Secretary shall establish a system for collection and analysis of information on the general health status and health care utilization patterns of veterans receiving care under that paragraph. Not later than 18 months after first providing care under such authority, the Secretary shall submit to Congress a report on the experience under that authority. The Secretary shall include in the report any recommendations of the Secretary for extension of that authority.

(f)(1) The Secretary may not furnish hospital care or nursing home care under this section to a veteran who is eligible for such care under subsection (a)(3) of this section unless the veteran agrees to pay to the United States the applicable amount determined under paragraph (2) of this subsection.

(2) A veteran who is furnished hospital care or nursing home care under this section and who is required under paragraph (1) of this subsection to agree to pay an amount to the United States in order to be furnished such care shall be liable to the United States for an amount equal to—

(A) the lesser of—

(i) the cost of furnishing such care, as determined by the Secretary; or

(ii) the amount determined under paragraph (3) of this subsection; and

(B) before September 30, 2002, an amount equal to \$10 for every day the veteran receives hospital care and \$5 for every day the veteran receives nursing home care.

(3)(A) In the case of hospital care furnished during any 365-day period, the amount referred to in paragraph (2)(A)(ii) of this subsection is—

(i) the amount of the inpatient Medicare deductible, plus

(ii) one-half of such amount for each 90 days of care (or fraction thereof) after the first 90 days of such care during such 365-day period.

(B) In the case of nursing home care furnished during any 365-day period, the amount referred to in paragraph (2)(A)(ii) of this subsection is the amount of the inpatient Medicare deductible for each 90 days of such care (or fraction thereof) during such 365-day period.

(C)(i) Except as provided in clause (ii) of this subparagraph, in the case of a veteran who is admitted for nursing home care under this section after being furnished, during the preceding 365-day period, hospital care for which the veteran has paid the amount of the inpatient Medicare deductible under this subsection and who has not been furnished 90 days of hospital care in connection with such payment, the veteran shall not incur any liability under paragraph (2) of this subsection with respect to such nursing home care until—

(I) the veteran has been furnished, beginning with the first day of such hospital care furnished in connection with such payment, a total of 90 days of hospital care and nursing home care; or

(II) the end of the 365-day period applicable to the hospital care for which payment was made,

whichever occurs first.

(ii) In the case of a veteran who is admitted for nursing home care under this section after being furnished, during any 365-day period, hospital care for which the veteran has paid an amount under subparagraph (A)(ii) of this paragraph and who has not been furnished 90 days of hospital care in connection with such payment, the amount of the liability of the veteran under paragraph (2) of this subsection with respect to the number of days of such nursing home care which, when added to the number of days of such hospital care, is 90 or less, is the difference between the inpatient Medicare deductible and the amount paid under such subparagraph until—

(I) the veteran has been furnished, beginning with the first day of such hospital care furnished in connection with such payment, a total of 90 days of hospital care and nursing home care; or

(II) the end of the 365-day period applicable to the hospital care for which payment was made,

whichever occurs first.

(D) In the case of a veteran who is admitted for hospital care under this section after having been furnished, during the preceding 365-day period, nursing home care for which the veteran has paid the amount of the inpatient Medicare deductible under this subsection and who has not been furnished 90 days of nursing home care in connection with such payment, the veteran shall not incur any liability under paragraph (2) of this subsection with respect to such hospital care until—

(i) the veteran has been furnished, beginning with the first day of such nursing home care furnished in connection with such payment, a total of 90 days of nursing home care and hospital care; or

(ii) the end of the 365-day period applicable to the nursing home care for which payment was made,

whichever occurs first.

(E) A veteran may not be required to make a payment under this subsection for hospital care or nursing home care furnished under this section during any 90-day period in which the veteran is furnished medical services under paragraph (3) of subsection (a) to the extent that such payment would cause the total amount paid by the veteran under this subsection for hospital care and nursing home care furnished during that period and under subsection (g) for medical services furnished during that period to exceed the amount of the inpatient Medicare deductible in effect on the first day of such period.

(F) A veteran may not be required to make a payment under this subsection or subsection (g) for any days of care in excess of 360 days of care during any 365-calendar-day period.

(4) For the purposes of this subsection, the term “inpatient Medicare deductible” means the amount of the inpatient hospital deductible in effect under section 1813(b) of the Social Security Act (42 U.S.C. 1395e(b)) on the first day of the 365-day period applicable under paragraph (3) of this subsection.

(g)(1) The Secretary may not furnish medical services under subsection (a) of this section (including home health services under section 1717 of this title) to a veteran who is eligible for hospital care under this chapter by reason of subsection (a)(3) of this section unless the veteran agrees to pay to the United States in the case of each outpatient visit the applicable amount or amounts established by the Secretary by regulation.

(2) A veteran who is furnished medical services under subsection (a) of this section and who is required under paragraph (1) of this subsection to agree to pay an amount to the United States in order to be furnished such services shall be liable to the United States, in the case of each visit in which such services are furnished to the veteran, for an amount which the Secretary shall establish by regulation.

(3) This subsection does not apply with respect to home health services under section 1717 of this title to the extent that such services are for improvements and structural alterations.

(h) Nothing in this section requires the Secretary to furnish care to a veteran to whom another agency of Federal, State, or local government has a duty under law to provide care in an institution of such government.

(C) which is a service-connected dental condition or disability due to combat wounds or other service trauma, or of a former prisoner of war;

(D) which is associated with and is aggravating a disability resulting from some other disease or injury which was incurred in or aggravated by active military, naval, or air service;

(E) which is a non-service-connected condition or disability of a veteran for which treatment was begun while such veteran was receiving hospital care under this chapter and such services and treatment are reasonably necessary to complete such treatment;

(F) from which a veteran who is a former prisoner of war and who was detained or interned for a period of not less than 90 days is suffering;

(G) from which a veteran who has a service-connected disability rated as total is suffering; or

(H) the treatment of which is medically necessary (i) in preparation for hospital admission, or (ii) for a veteran otherwise receiving care or services under this chapter.

(2) The Secretary concerned shall at the time a member of the Armed Forces is discharged or released from a period of active military, naval, or air service of not less than 180 days or, in the case of a veteran who served on active duty during the Persian Gulf War, 90 days provide to such member a written explanation of the provisions of clause (B) of paragraph (1) of this subsection and enter in the service records of the member a statement signed by the member acknowledging receipt of such explanation (or, if the member refuses to sign such statement, a certification from an officer designated for such purpose by the Secretary concerned that the member was provided such explanation).

(3) The total amount which the Secretary may expend for furnishing, during any twelve-month period, outpatient dental services, treatment, or related dental appliances to a veteran under this section through private facilities for which the Secretary has contracted under clause (1), (2), or (5) of section 1703(a) of this title may not exceed \$1,000 unless the Secretary determines, prior to the furnishing of such services, treatment, or appliances and based on an examination of the veteran by a dentist employed by the Department (or, in an area where no such dentist is available, by a dentist conducting such examination under a contract or fee arrangement), that the furnishing of such services, treatment, or appliances at such cost is reasonably necessary.

(4)(A) Except as provided in subparagraph (B) of this paragraph, in any year in which the President's Budget for the fiscal year beginning October 1 of such year includes an amount for expenditures for contract dental care under the provisions of subsection (a)<sup>1</sup> of this section (other than paragraphs (3)(B) and (3)(C) of that subsection) and section 1703 of this title during such fiscal year in excess of the level of expenditures made for such purpose during fiscal year 1978, the Secretary shall, not later than February 15 of such year, submit a report to the appropriate committees of the Congress justifying the requested level of expenditures for contract dental care and explaining why the application of the criteria prescribed in section 1703 of this title for contracting with private facilities and in the second sentence of section 1710(c) of this title for furnishing incidental dental care to hospitalized veterans will not preclude the need for expenditures for contract dental care in excess of the fiscal year 1978 level of expenditures for such purpose. In any case in which the amount included in the President's Budget for any fiscal year for expenditures for contract dental care under such provisions is not in excess of the level of expenditures made for such purpose during fiscal year 1978 and the Secretary determines after the date of submission of such budget and before the end of such fiscal year that the level of expenditures for such contract dental care during such fiscal year will ex-

ceed the fiscal year 1978 level of expenditures, the Secretary shall submit a report to the appropriate committees of the Congress containing both a justification (with respect to the projected level of expenditures for such fiscal year) and an explanation as required in the preceding sentence in the case of a report submitted pursuant to such sentence. Any report submitted pursuant to this paragraph shall include a comment by the Secretary on the effect of the application of the criteria prescribed in the second sentence of section 1710(c) of this title for furnishing incidental dental care to hospitalized veterans.

(B) A report under subparagraph (A) of this paragraph with respect to a fiscal year is not required if, in the documents submitted by the Secretary to the Congress in justification for the amounts included for Department programs in the President's Budget, the Secretary specifies with respect to contract dental care described in such subparagraph—

(i) the actual level of expenditures for such care in the fiscal year preceding the fiscal year in which such Budget is submitted;

(ii) a current estimate of the level of expenditures for such care in the fiscal year in which such Budget is submitted; and

(iii) the amount included in such Budget for such care.

(b) Dental services and related appliances for a dental condition or disability described in paragraph (1)(B) of subsection (a) shall be furnished on a one-time completion basis, unless the services rendered on a one-time completion basis are found unacceptable within the limitations of good professional standards, in which event such additional services may be afforded as are required to complete professionally acceptable treatment.

(c) Dental appliances, wheelchairs, artificial limbs, trusses, special clothing, and similar appliances to be furnished by the Secretary under this section may be procured by the Secretary either by purchase or by manufacture, whichever the Secretary determines may be advantageous and reasonably necessary.

(d) The Secretary shall furnish to each veteran who is receiving additional compensation or allowance under chapter 11 of this title, or increased pension as a veteran of a period of war, by reason of being permanently housebound or in need of regular aid and attendance, such drugs and medicines as may be ordered on prescription of a duly licensed physician as specific therapy in the treatment of any illness or injury suffered by such veteran. The Secretary shall continue to furnish such drugs and medicines so ordered to any such veteran in need of regular aid and attendance whose pension payments have been discontinued solely because such veteran's annual income is greater than the applicable maximum annual income limitation, but only so long as such veteran's annual income does not exceed such maximum annual income limitation by more than \$1,000.

(e) In order to assist the Secretary of Health and Human Services in carrying out national immunization programs under other provisions of law, the Secretary may authorize the administration of immunizations to eligible veterans

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1525, 1701, 1703, 1710 of this title; title 26 section 6103.

**§ 1712A. Eligibility for readjustment counseling and related mental health services**

(a)(1)(A) Upon the request of any veteran referred to in subparagraph (B), the Secretary shall furnish counseling to the veteran to assist the veteran in readjusting to civilian life. Such counseling may include a general mental and psychological assessment of the veteran to ascertain whether such veteran has mental or psychological problems associated with readjustment to civilian life.

(B) Subparagraph (A) applies to the following veterans:

(i) Any veteran who served on active duty—

(I) in a theater of combat operations (as determined by the Secretary in consultation with the Secretary of Defense) during the Vietnam era; or

(II) after May 7, 1975, in an area at a time during which hostilities occurred in that area.

(ii) Any veteran (other than a veteran covered by clause (i)) who served on active duty during the Vietnam era who seeks or is furnished such counseling before January 1, 2004.

(2)(A) Upon the request of any veteran (other than a veteran covered by paragraph (1)) who served in the active military, naval, or air service in a theater of combat operations (as so determined) during a period of war, or in any other area during a period in which hostilities (as defined in subparagraph (B)) occurred in such area, the Secretary may furnish counseling to the veteran to assist the veteran in readjusting to civilian life.

(B) For the purposes of subparagraph (A), the term “hostilities” means an armed conflict in which the members of the Armed Forces are

subjected to danger comparable to the danger to which members of the Armed Forces have been subjected in combat with enemy armed forces during a period of war, as determined by the Secretary in consultation with the Secretary of Defense.

(b)(1) If, on the basis of the assessment furnished under subsection (a) of this section, a physician or psychologist employed by the Department (or, in areas where no such physician or psychologist is available, a physician or psychologist carrying out such function under a contract or fee arrangement with the Secretary) determines that the provision of mental health services to such veteran is necessary to facilitate the successful readjustment of the veteran to civilian life, such veteran shall, within the limits of Department facilities, be furnished such services on an outpatient basis. For the purposes of furnishing such mental health services, the counseling furnished under subsection (a) of this section shall be considered to have been furnished by the Department as a part of hospital care. Any hospital care and other medical services considered necessary on the basis of the assessment furnished under subsection (a) of this section shall be furnished only in accordance with the eligibility criteria otherwise set forth in this chapter (including the eligibility criteria set forth in section 1711(b) of this title).

(2) Mental health services furnished under paragraph (1) of this subsection may, if determined to be essential to the effective treatment and readjustment of the veteran, include such consultation, counseling, training, services, and expenses as are described in section 1701(6)(B) of this title.

[(c) Repealed. Pub. L. 104-262, title III, §331(b), Oct. 9, 1996, 110 Stat. 3198.]

(d) The Under Secretary for Health may provide for such training of professional, paraprofessional, and lay personnel as is necessary to carry out this section effectively, and, in carrying out this section, may utilize the services of paraprofessionals, individuals who are volunteers working without compensation, and individuals who are veteran-students (as described in section 3485 of this title) in initial intake and screening activities.

(e)(1) In furnishing counseling and related mental health services under subsections (a) and (b) of this section, the Secretary shall have available the same authority to enter into contracts with private facilities that is available to the Secretary (under sections 1703(a)(2) and 1710(a)(1)(B) of this title) in furnishing medical services to veterans suffering from total service-connected disabilities.

(2) Before furnishing counseling or related mental health services described in subsections (a) and (b) of this section through a contract facility, as authorized by this subsection, the Secretary shall approve (in accordance with criteria which the Secretary shall prescribe by regulation) the quality and effectiveness of the program operated by such facility for the purpose for which the counseling or services are to be furnished.

(3) The authority of the Secretary to enter into contracts under this subsection shall be effective for any fiscal year only to such extent or

in such amounts as are provided in appropriation Acts.

(f) The Secretary, in cooperation with the Secretary of Defense, shall take such action as the Secretary considers appropriate to notify veterans who may be eligible for assistance under this section of such potential eligibility.

(g)(1)(A) Except as provided in subparagraph (C) of this paragraph, the Secretary may close or relocate a center in existence on January 1, 1988, only as described in the national plan required by paragraph (3) of this subsection (or in a revision to such plan under paragraph (4) of this subsection in which the closure or relocation of that center is proposed).

(B) A closure or relocation of a center which is proposed in such national plan may be carried out only after the end of the 120-day period beginning on the date on which the national plan is submitted. A closure or relocation of a center not proposed in such plan may be carried out only after the end of the 60-day period beginning on the date the Secretary submits a revision to such plan in which the closure or relocation of that center is proposed.

(C) The Secretary may relocate a center in existence on January 1, 1988, without regard to the national plan (including any revision to such plan) if such relocation is to a new location away from a Department general health-care facility when such relocation is necessitated by circumstances beyond the control of the Department. Such a relocation may be carried out only after the end of the 30-day period beginning on the date on which the Secretary notifies the Committees on Veterans' Affairs of the Senate and the House of Representatives of the proposed relocation, of the circumstances making it necessary, and of the reason for the selection of the new site for the center.

(2)(A) Not later than April 1, 1988, the Secretary shall submit to the Committees on Veterans' Affairs of the Senate and House of Representatives a report on the Secretary's evaluation of the effectiveness in helping to meet the readjustment needs of veterans who served on active duty during the Vietnam era of the readjustment counseling and mental health services provided pursuant to this section (and of outreach efforts with respect to such counseling and services). Such report shall give particular attention, in light of the results of the study required by section 102 of the Veterans' Health Care Amendments of 1983 (Public Law 98-160), to the provision of such counseling and services to veterans with post-traumatic stress disorder and to the diagnosis and treatment of such disorder.

(B) The report required by subparagraph (A) of this paragraph shall include—

(i) the opinion of the Secretary with respect to (I) the extent to which the readjustment needs of veterans who served on active duty during the Vietnam era remain unmet, and (II) the extent to which the provision of readjustment counseling services under this section in centers is needed to meet such needs; and

(ii) in light of the opinion submitted pursuant to clause (i) of this subparagraph, such recommendations for amendments to this subsection and for other legislative and administrative action as the Secretary considers appropriate.

(3)(A) The Secretary, after considering the recommendations of the Under Secretary for Health, shall submit to such committees a report setting forth a national plan for all centers in existence on January 1, 1988. Such national plan shall set forth the Secretary's proposals as to each such center for a period (to be determined by the Secretary) of not less than 12 months beginning on the date of the submission of the report. The plan shall include, as to each center, whether the Secretary proposes to relocate the center to a general Department facility, relocate the center to a new location away from a general Department facility, expand the center in the same location, or close the center. The plan shall also set forth any proposal of the Secretary to open additional centers.

(B) The plan shall include the Secretary's evaluation as to how, in light of each of the criteria described in subparagraph (C) of this paragraph, the proposal set forth in the plan for each center covered by the plan would ensure the continued availability and effective furnishing of readjustment counseling services to eligible veterans needing such services in the geographic area served by that center.

(C) The Secretary shall make the evaluation described in subparagraph (B) of this paragraph with respect to any center in light of the following:

(i) The distribution of Vietnam-era veterans in the geographic area served by the center and the relationships between the location of such center and the general Department facility and such distribution.

(ii) The distance between the center and the general Department facility.

(iii) The availability of other entities (such as State, local, or private outreach facilities) which provide assistance to Vietnam-era veterans in the area served by the center.

(iv) The availability of transportation to, and parking at, the center and the general Department facility.

(v) The availability, cost, and suitability of the space at the general Department facility.

(vi) The overall cost impact of the proposed closure or relocation, including a comparison of the recurring nonpersonnel costs of providing readjustment counseling to the same estimated number of veterans at the center and the general Department facility.

(vii) The workload trends over the two previous fiscal years, and projected over the next fiscal year (or longer), at the center.

(viii) Such other factors as the Secretary determines to be relevant to making the evaluation described in subparagraph (B) of this paragraph.

(D) For the purposes of this paragraph, the term "general Department facility" means a Department facility which is not a center and at which readjustment counseling would be furnished in a particular geographic area upon the closure or relocation of a center.

(4) After submitting the plan required by paragraph (3) of this subsection, the Secretary may submit to the committees a revision to such plan in order to modify the proposal set forth in the plan as to any center. Any such revision shall include, with respect to each center ad-

ressed in the revision, a description of the Secretary's evaluation of the matters specified in paragraphs (3)(B) and (3)(C) of this subsection.

(5) For purposes of determining a period of time under paragraph (1)(B) of this subsection, if the national plan (or a revision to the national plan) is submitted to the committees during the 121-day period beginning 60 days before and ending 60 days after the final day of a session of the Congress, it shall be deemed to have been submitted on the sixty-first day after the final day of such session.

(i) For the purposes of this section:

(1) The term "center" means a facility (including a Resource Center designated under subsection (h)(3)(A) of this section) which is operated by the Department for the provision of services under this section and which (A) is situated apart from Department general health-care facilities, or (B) was so situated but has been relocated to a Department general health-care facility.

(2) The term "Department general health-care facility" means a health-care facility which is operated by the Department for the furnishing of health-care services under this chapter, not limited to services provided through the program established under this section.

### § 1720. Transfers for nursing home care; adult day health care

(a)(1) Subject to subsection (b) of this section, the Secretary may transfer to a non-Department nursing home, for care at the expense of the United States—

(A) a veteran—

(i) who has been furnished care by the Secretary in a facility under the direct jurisdiction of the Secretary; and

(ii) who the Secretary determines—

(I) requires a protracted period of nursing home care which can be furnished in the non-Department nursing home; and

(II) in the case of a veteran who has been furnished hospital care in a facility under the direct jurisdiction of the Secretary, has received maximum benefits from such care; and

(i) who has been furnished care in a hospital of the Armed Forces; and

(ii) who the Secretary concerned determines has received maximum benefits from such care but requires a protracted period of nursing home care; and

(iii) who upon discharge from the Armed Forces will become a veteran.

(2) The Secretary may transfer a person to a nursing home under this subsection only if the Secretary determines that the cost to the United States of the care of such person in the nursing home will not exceed—

(A) the amount equal to 45 percent of the cost of care furnished by the Department in a general hospital under the direct jurisdiction of the Secretary (as such cost may be determined annually by the Secretary); or

(B) the amount equal to 50 percent of such cost, if such higher amount is determined to be necessary by the Secretary (upon the recommendation of the Under Secretary for Health) to provide adequate care.

(3) Nursing home care may not be furnished under this subsection at the expense of the United States for more than six months in the aggregate in connection with any one transfer except—

(A) in the case of a veteran—

(i) who is transferred to a non-Department nursing home from a hospital under the direct jurisdiction of the Secretary; and

(ii) whose hospitalization was primarily for a service-connected disability;

(B) in a case in which the nursing home care is required for a service-connected disability; or

(C) in a case in which, in the judgment of the Secretary, a longer period of nursing home care is warranted.

(4) A veteran who is furnished care by the Secretary in a hospital or domiciliary facility in

Alaska or Hawaii may be furnished nursing home care at the expense of the United States under this subsection even if such hospital or domiciliary facility is not under the direct jurisdiction of the Secretary.

(b) No veteran may be transferred or admitted to any institution for nursing home care under this section, unless such institution is determined by the Secretary to meet such standards as the Secretary may prescribe. The standards prescribed and any report of inspection of institutions furnishing care to veterans under this section made by or for the Secretary shall, to the extent possible, be made available to all Federal, State, and local agencies charged with the responsibility of licensing or otherwise regulating or inspecting such institutions.

(c) In applying the provisions of section 2(b)(1) of the Service Contract Act of 1965 (41 U.S.C. 351(b)(1)) with respect to any contract entered into under this section to provide nursing home care of veterans, the payment of wages not less than those specified in section 6(b) of the Fair Labor Standards Act of 1938 (29 U.S.C. 206(b)) shall be deemed to constitute compliance with such provisions.

(d)(1) Subject to subsection (b) of this section, the Secretary may authorize for any veteran requiring nursing home care for a service-connected disability direct admission for such care at the expense of the United States to any non-Department nursing home. The Secretary may also authorize a direct admission to such a nursing home for nursing home care for any veteran who has been discharged from a hospital under the direct jurisdiction of the Secretary and who is currently receiving medical services as part of home health services from the Department.

(2) Direct admission authorized by paragraph (1) of this subsection may be authorized upon determination of need therefor—

(f)(1)(A) The Secretary may furnish adult day health care services to a veteran enrolled under section 1705(a) of this title who would otherwise require nursing home care.

(B) The Secretary may provide in-kind assistance (through the services of Department employees and the sharing of other Department resources) to a facility furnishing care to veterans under subparagraph (A) of this paragraph. Any

such in-kind assistance shall be provided under a contract between the Secretary and the facility concerned. The Secretary may provide such assistance only for use solely in the furnishing of adult day health care and only if, under such contract, the Department receives reimbursement for the full cost of such assistance, including the cost of services and supplies and normal depreciation and amortization of equipment. Such reimbursement may be made by reduction in the charges to the United States or by payment to the United States. Any funds received through such reimbursement shall be credited to funds allotted to the Department facility that provided the assistance.

(2) The Secretary may conduct, at facilities over which the Secretary has direct jurisdiction, programs for the furnishing of adult day health care to veterans who are eligible for such care under paragraph (1) of this subsection, except that necessary travel and incidental expenses (or transportation in lieu thereof) may be furnished under such a program only under the terms and conditions set forth in section 111 of this title. The furnishing of care under any such program shall be subject to the limitations that are applicable to the duration of adult day health care furnished under paragraph (1) of this subsection.

This section is referred to in sections 1703, 1722, 1732 of this title.

### § 1725. Reimbursement for emergency treatment

(a) GENERAL AUTHORITY.—(1) Subject to subsections (c) and (d), the Secretary may reimburse a veteran described in subsection (b) for the reasonable value of emergency treatment furnished the veteran in a non-Department facility.

(2) In any case in which reimbursement is authorized under subsection (a)(1), the Secretary, in the Secretary's discretion, may, in lieu of reimbursing the veteran, make payment of the reasonable value of the furnished emergency treatment directly—

(A) to a hospital or other health care provider that furnished the treatment; or

(B) to the person or organization that paid for such treatment on behalf of the veteran.

(b) **ELIGIBILITY.**—(1) A veteran referred to in subsection (a)(1) is an individual who is an active Department health-care participant who is personally liable for emergency treatment furnished the veteran in a non-Department facility.

(2) A veteran is an active Department health-care participant if—

(A) the veteran is enrolled in the health care system established under section 1705(a) of this title; and

(B) the veteran received care under this chapter within the 24-month period preceding the furnishing of such emergency treatment.

(3) A veteran is personally liable for emergency treatment furnished the veteran in a non-Department facility if the veteran—

(A) is financially liable to the provider of emergency treatment for that treatment;

(B) has no entitlement to care or services under a health-plan contract (determined, in the case of a health-plan contract as defined in subsection (f)(2)(B) or (f)(2)(C), without regard to any requirement or limitation relating to eligibility for care or services from any department or agency of the United States);

(C) has no other contractual or legal recourse against a third party that would, in whole or in part, extinguish such liability to the provider; and

(D) is not eligible for reimbursement for medical care or services under section 1728 of this title.

(c) **LIMITATIONS ON REIMBURSEMENT.**—(1) The Secretary, in accordance with regulations prescribed by the Secretary, shall—

(A) establish the maximum amount payable under subsection (a);

(B) delineate the circumstances under which such payments may be made, to include such requirements on requesting reimbursement as the Secretary shall establish; and

(C) provide that in no event may a payment under that subsection include any amount for which the veteran is not personally liable.

(2) Subject to paragraph (1), the Secretary may provide reimbursement under this section only after the veteran or the provider of emergency treatment has exhausted without success all claims and remedies reasonably available to the veteran or provider against a third party for payment of such treatment.

(3) Payment by the Secretary under this section on behalf of a veteran to a provider of emergency treatment shall, unless rejected and refunded by the provider within 30 days of receipt, extinguish any liability on the part of the veteran for that treatment. Neither the absence of a contract or agreement between the Secretary and the provider nor any provision of a contract, agreement, or assignment to the contrary shall operate to modify, limit, or negate the requirement in the preceding sentence.

(d) **INDEPENDENT RIGHT OF RECOVERY.**—(1) In accordance with regulations prescribed by the Secretary, the United States shall have the

independent right to recover any amount paid under this section when, and to the extent that, a third party subsequently makes a payment for the same emergency treatment.

(2) Any amount paid by the United States to the veteran (or the veteran's personal representative, successor, dependents, or survivors) or to any other person or organization paying for such treatment shall constitute a lien in favor of the United States against any recovery the payee subsequently receives from a third party for the same treatment.

(3) Any amount paid by the United States to the provider that furnished the veteran's emergency treatment shall constitute a lien against any subsequent amount the provider receives from a third party for the same emergency treatment for which the United States made payment.

(4) The veteran (or the veteran's personal representative, successor, dependents, or survivors) shall ensure that the Secretary is promptly notified of any payment received from any third party for emergency treatment furnished to the veteran. The veteran (or the veteran's personal representative, successor, dependents, or survivors) shall immediately forward all documents relating to such payment, cooperate with the Secretary in the investigation of such payment, and assist the Secretary in enforcing the United States right to recover any payment made under subsection (c)(3).

(e) **WAIVER.**—The Secretary, in the Secretary's discretion, may waive recovery of a payment made to a veteran under this section that is otherwise required by subsection (d)(1) when the Secretary determines that such waiver would be in the best interest of the United States, as defined by regulations prescribed by the Secretary.

(f) **DEFINITIONS.**—For purposes of this section:

(1) The term "emergency treatment" means medical care or services furnished, in the judgment of the Secretary—

(A) when Department or other Federal facilities are not feasibly available and an attempt to use them beforehand would not be reasonable;

#### SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 1725 of this title.

### § 1729. Recovery by the United States of the cost of certain care and services

(a)(1) Subject to the provisions of this section, in any case in which a veteran is furnished care or services under this chapter for a non-service-connected disability described in paragraph (2) of this subsection, the United States has the right to recover or collect reasonable charges for such care or services (as determined by the Secretary) from a third party to the extent that the veteran (or the provider of the care or services) would be eligible to receive payment for such care or services from such third party if the care or services had not been furnished by a department or agency of the United States.

(2) Paragraph (1) of this subsection applies to a non-service-connected disability—

(A) that is incurred incident to the veteran's employment and that is covered under a workers' compensation law or plan that provides for payment for the cost of health care and services provided to the veteran by reason of the disability;

(B) that is incurred as the result of a motor vehicle accident to which applies a State law that requires the owners or operators of motor vehicles registered in that State to have in force automobile accident reparations insurance;

(C) that is incurred as the result of a crime of personal violence that occurred in a State, or a political subdivision of a State, in which a person injured as the result of such a crime is entitled to receive health care and services at such State's or subdivision's expense for personal injuries suffered as the result of such crime;

(D) that is incurred by a veteran—

(i) who does not have a service-connected disability; and

(ii) who is entitled to care (or payment of the expenses of care) under a health-plan contract; or

(E) for which care and services are furnished before October 1, 2002, under this chapter to a veteran who—

(i) has a service-connected disability; and

(ii) is entitled to care (or payment of the expenses of care) under a health-plan contract.

(3) In the case of a health-plan contract that contains a requirement for payment of a deductible or copayment by the veteran—

(A) the veteran's not having paid such deductible or copayment with respect to care or services furnished under this chapter shall not preclude recovery or collection under this section; and

(B) the amount that the United States may collect or recover under this section shall be reduced by the appropriate deductible or copayment amount, or both.

(b)(1) As to the right provided in subsection (a) of this section, the United States shall be subrogated to any right or claim that the veteran (or the veteran's personal representative, successor, dependents, or survivors) may have against a third party.

(2)(A) In order to enforce any right or claim to which the United States is subrogated under paragraph (1) of this subsection, the United States may intervene or join in any action or proceeding brought by the veteran (or the veteran's personal representative, successor, dependents, or survivors) against a third party.

(B) The United States may institute and prosecute legal proceedings against the third party if—

(i) an action or proceeding described in subparagraph (A) of this paragraph is not begun within 180 days after the first day on which care or services for which recovery is sought are furnished to the veteran by the Secretary under this chapter;

(ii) the United States has sent written notice by certified mail to the veteran at the veteran's last-known address (or to the veteran's personal representative or successor) of the intention of the United States to institute such legal proceedings; and

(iii) a period of 60 days has passed following the mailing of such notice.

(C) A proceeding under subparagraph (B) of this paragraph may not be brought after the end of the six-year period beginning on the last day on which the care or services for which recovery is sought are furnished.

(c)(1) The Secretary may compromise, settle, or waive any claim which the United States has under this section.

(2)(A) The Secretary, after consultation with the Comptroller General of the United States, shall prescribe regulations for the purpose of determining reasonable charges for care or services under subsection (a)(1) of this section. Any determination of such charges shall be made in accordance with such regulations.

(B) Such regulations shall provide that reasonable charges for care or services sought to be recovered or collected from a third-party liable under a health-plan contract may not exceed the amount that such third party demonstrates to the satisfaction of the Secretary it would pay for the care or services if provided by facilities (other than facilities of departments or agencies of the United States) in the same geographic area.

(C) Not later than 45 days after the date on which the Secretary prescribes such regulations (or any amendment to such regulations), the Comptroller General shall submit to the Committees on Veterans' Affairs of the Senate and the House of Representatives the Comptroller

General's comments on and recommendations regarding such regulations (or amendment).

(d) Any contract or agreement into which the Secretary enters with a person under section 3718 of title 31 for collection services to recover indebtedness owed the United States under this section shall provide, with respect to such services, that such person is subject to sections 5701 and 7332 of this title.

(e) A veteran eligible for care or services under this chapter—

(1) may not be denied such care or services by reason of this section; and

(2) may not be required by reason of this section to make any copayment or deductible payment in order to receive such care.

(f) No law of any State or of any political subdivision of a State, and no provision of any contract or other agreement, shall operate to prevent recovery or collection by the United States under this section or with respect to care or services furnished under section 1711(b) of this title.

[(g) Repealed. Pub. L. 105-33, title VIII, § 8023(b)(4), Aug. 5, 1997, 111 Stat. 667.]

(h)(1) Subject to paragraph (3) of this subsection, the Secretary shall make available medical records of a veteran described in paragraph (2) of this subsection for inspection and review by representatives of the third party concerned for the sole purposes of permitting the third party to verify—

(A) that the care or services for which recovery or collection is sought were furnished to the veteran; and

(B) that the provision of such care or services to the veteran meets criteria generally applicable under the health-plan contract involved.

(2) A veteran described in this paragraph is a veteran who is a beneficiary of a health-plan contract under which recovery or collection is sought under this section from the third party concerned for the cost of the care or services furnished to the veteran.

(3) Records shall be made available under this subsection under such conditions to protect the confidentiality of such records as the Secretary shall prescribe in regulations.
